Kleber WMA Information:

The John A. Kleber Wildlife Management Area is located in Owen and Franklin counties in Kentucky's Bluegrass region. Covering 2,605 acres, Kleber Wildlife Management Area (WMA) offers outdoors enthusiasts a variety of recreational activities such as hunting, fishing, hiking and wildlife viewing.

The terrain consists of steep hillsides, narrow ridge tops and floodplains with a combination of woods, brush, and grassland habitat. Many wildlife species are present, including quail, deer, squirrel, rabbit, turkey, groundhog and raccoon. The area is home to numerous birds, and both the Frankfort Bird Club and the Frankfort Audubon Society use Kleber WMA for their annual Christmas Bird Counts.

Fishing is allowed in Kleber WMA's small pond and in its creeks. The pond hosts bluegill, largemouth bass and channel catfish. Cedar Creek and Elm Fork both host small-mouth bass and bluegill.

WMA Management Objectives:

The management objectives on Kleber WMA are:

- 1) to manage wildlife areas toward the ☐ ☐ creation, enhancement, and sustainability of permanent wildlife habitats and ☐ ☐ populations;
- 2) to manage areas for the preservation and enhancement of public outdoor ☐ ☐ recreational opportunities;
- 3) to restore wildlife species to their natural ☐ habitats;
- 4) to provide opportunities for fish and ☐ ☐ wildlife education;
- 5) to provide demonstrations of sound wild-☐ life management practices.

General Guidelines:
